Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 06 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and unsettled with outbreaks of rain, rather windy.

Today:
Cloudy with occasionally heavy rain spreading east during the morning. Brighter skies with sunny spells and blustery showers quickly following from the west. A cold day, becoming windy, especially near coasts. Maximum temperature 11 deg C (52 deg F).

Tonight:
Cloudy overnight with the odd isolated blustery shower, these easing during the second half of the night before cloud increases form the west during the second half of the night. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Storm Barra arrives in from the west during the morning. Becoming very windy with gales and severe gales particularly near the coasts. Outbreaks of heavy rain with blustery showers following. Maximum temperature 5 deg C (41 deg F).

Outlook for Wednesday to Friday:
Unsettled and cold on Wednesday with strong winds and showers. Drier briefly on Thursday before more rain arrives for Friday, temperatures close to or slightly below average.
